HOW WE TEACH

We work with kids where they are at; not where they need to be. Above grade-level or below, each student works at a level that is appropriate to them.

CLASS SIZES

Our class size aims for a 6:1 ratio but could be as high as 10:1 depending on the day and activity we are facilitating. We have classes from kindergarten to Grade 8. Most formal learning happens in a 1-on-1 setting.

HOW DO YOU ASSESS STUDENTS?

At Busy Bee, we don't believe in tests. While working with students 1-on-1, we can determine mastery in a skill. We do not do formal testing.
